# ACKNOWLEDGEMENT

---

PROTOTYPE pays respect to the Munsee Lenape ancestors past, present, and future. We acknowledge that the work of PROTOTYPE is situated on the Lenape island of Manhattan (Mannahatta) and more broadly in Lenapehoking, the Lenape homeland.

The performers and artistic team of *MODULATION* are located in many different locations in this country. We acknowledge that this work is situated in various native homelands including those of the Boriken Taíno, Canarsie, Chochenyo, Chumash, Diné, Kizh, Lenape, Lenni-Lenape, Munsee Lenape, Muwekma, Ohlone, Pawtucket, Tewa, Tiwa, Tongva, and Wôpanâak.

Inspired by the words of Adrienne Wong: PROTOTYPE acknowledges the legacy of colonization embedded within the technology, structures, and ways of thinking we use every day. This production is using equipment and high-speed internet, not available in many Indigenous communities. Even the technologies that are central to much of the art we make leave significant carbon footprints, contributing to changing climates that disproportionately affect Indigenous people worldwide. We invite you to join us in acknowledging all this, as well as our shared responsibility to make good of this time and for each of us to consider our roles in reconciliation, decolonization, and ally-ship.
